INTRODUCTION :

The new 20.1" LT-200S LCD TV is a full function standalone TV with built-in cable/air TV tuner and various video inputs. It has a 20.1" diagonal LCD screen which uses proprietary anti-reflect coating technology and optical improvement, enabling the picture quality to be clearer, sharper, higher contrast ratio, wider viewing angles and higher brightness than ever before. Its lightweight, modern design has a carrying handle that's easy to hang on the wall or carry from room to room.

In multimedia applications, It accepts input from a wide range of sources. It has a TV antenna/cable connector, 2 composite video, component video, S-Video and one composite video/audio output for optional speaker or home theater speaker. It supports world wide TV systems to watch your favorite TV programs. With IR remote control, you'll have the world at your fingertips. The LT-200S can be enjoyed throughout the entire house wherever you are.
